EDUCATION

- **Master of Computer Science**, University of Tokyo, 2012-2015
- **Bachelor of Computer Science**, Nagoya University, 2008-2012
- **Programming Coursework**: Computer Programming, Algorithms & Data Structures, Operating Systems, Networks

TECHNICAL SKILLS

- **Programming languages**: JavaScript(6), TypeScript(3), Python(2), Ruby(1)
- **Frameworks / Libraries**: React(5), Vue(1), Node.js(5), Ruby on Rails(1), Django(2), Flask(1)
- **Databases / Tools**: MySQL, PostgreSQL, MongoDB, DynamoDB
- **Cloud services**: AWS(4), Azure(1), Google Cloud Platform(2)
- **Tools**: Git, Jira, Confluence, Docker, Kubernetes, Terraform, CircleCI

PROFESSIONAL EXPERIENCE

Full Stack Developer

TeamViewer

Jun 2021 - Present

- Implemented efficient & scalable front-end architectures, resulting in improved page load times and reduced bounce rates.
- Optimized site performance by implementing industry best practices, resulting in increased user satisfaction & retention.
- Adopted new technologies, resulting in 30% increase in development efficiency & 20% improvement in product quality.
- Redesigned project architecture by micro-frontend and mid-tier microservices in React.js and Node.js

Leveraged knowledge in React, Next.js, TypeScript, React Hooks, Material UI, Jest, Cypress, Node.js, Feathers.js, REST APIs, GraphQL, PostgreSQL, Redis, Docker, AWS

Full Stack Developer

Capgemini

Apr 2016 - Jun 2021

- Developed & launched a web application that increased user engagement by 30%, resulting in a 10% increase in revenue.
- Optimized database queries resulting in a 30% reduction in query time, improving site performance and user experience.
- Designed & developed a REST API that reduced server response time by 20%, improving site performance and scalability.
- Converted high-fidelity mockups into usable websites with HTML, JavaScript, AJAX, and JSON coding ensuring the pixel perfectness of 100%.

Leveraged knowledge in React, Vue, JavaScript, Python, Django, Flask, MySQL, PostgreSQL, MongoDB, Ruby on Rails, Google Cloud Platform

Web Developer

NimbusWorks

Aug 2014 - Mar 2016

- Successfully migrated a legacy PHP application to a modern framework, reducing maintenance time and saving the company budget.
- Developed and deployed a Node.js web application reducing deployment time by 40%, and improving site availability and scalability.

Leveraged knowledge in PHP, Laravel, Node.js Express.js, MySQL, PostgreSQL

CERTIFICATIONS

- **AWS Certified Developer** – Associate
- **MongoDB Certified Developer**, Associate Level
- **Microsoft Certified: Azure Developer Associate**
- **React Nanodegree program** from Udacity
